Program Descriptions

Luggage Check

Luggage storage will be available in the Tinkham Veale University Center upon check-in. Please label each piece individually with name and cell phone. Tags will be provided if needed. Any luggage not picked up by 6 p.m. Thursday will be left with security. Luggage check-in will be available for Friday starting at 8 a.m. Luggage must be picked up by 4 p.m. Friday.

Parents Cocktail Reception

Parents are welcome to enjoy beverages and appetizers with CWRU faculty, advising staff and other student support service personnel.

Campus Tour

Campus tours cover the main academic quads, including the library and student center. These tours are 50 minutes and are led by student guides.

Residence Life Tour

Tours take you through typical first-year accommodations.

Lab Tours

Faculty members offer guided tours of the state-of-the-art facilities used by our undergraduate students. Guests must register in the Tinkham Veale University Center in advance. Departure locations will be shared upon registration.

Cleveland Museum of Art Tour

Students guide visitors on 45-minute mini-tour of a few of the treasures within the museum's 45,000-object collection. Meet at the circular welcome desk inside of the atrium of the museum.

CWRU Overview

Why Case Western Reserve University? Come learn what makes a CWRU undergraduate education unique and why we are one of the top universities in the country.

Arts, Humanities, Math, Natural Sciences and Social Sciences

After a brief presentation highlighting the rich opportunities for learning at CWRU, meet faculty from college departments, including anthropology; art history; astronomy; biology; chemistry; classics; cognitive science; dance; earth, environmental and planetary sciences; English; history; mathematics and statistics; modern languages and literature; music; philosophy; physics; political science and international studies; psychology; religious studies; sociology; and theater.

Bridging the New and Old: High Tech Scholarship for the Next Generation

Join Local NPR Tech Analyst and Kelvin Smith Library's Creative New Media Officer Jared Bendis for a look at exciting new technologies for scholarship in the arts, humanities and social sciences.

Career Preparation

Students at CWRU have a wide variety of opportunities to gain experience in their fields. Ranging from cooperative education (co-op), to internships, to practicum and other programs, students are able to put their ideas to work and to learn what things are like out in the real world. Join a member of the Career Center staff to learn more about services, as well as what CWRU grads move on to.

CWRU Live!

Experience the energy, creativity and culture of life on CWRU's campus. Interact with more than 50 student organizations; engage with student researchers; and enjoy a sampling of the talented performing arts groups on campus. Students from across the university demonstrate the wide array of opportunities and possibilities that are part of the CWRU undergraduate experience.

Department of Music Open House

All admitted and prospective students who are interested in majoring in music or music education, minoring in music, or simply participating in musical activities while on campus without majoring or minoring in music, are welcome to stop by to meet faculty and current students of the department and learn more about musical programming. Light snacks will be served.

Department of Theater Open House

CWRU theater offers education and participation in all aspects of drama, with course offerings in acting, stagecraft, costume design, scene design, directing, dramatic writing, history, literature and criticism. Bachelor of Arts students have the opportunity to perform as well as to serve on the design and technical teams in four fully produced mainstage theatrical productions each year. Tour facilities, meet students and professors, and learn about this exciting program.

Diversity and Inclusion

Prospective students and families have the opportunity to interact with CWRU faculty, staff and students to learn how the CWRU community embraces diversity and inclusion.

Engineering Overview

If you've thought about majoring in engineering, come to learn about programs and opportunities within the Case School of Engineering. With 13 majors, chances to co-op or intern, and the possibility of integrated graduate study, there are many unique pathways to follow. Enjoy a broad overview of the school, and learn what sets the Case School of Engineering apart.

Engineering Department Visits

Engineering department visits are an in-depth look at the majors within the Case School of Engineering. Typical visits may include a presentation about the department led by a faculty member, a demonstration and/or a lab tour.

Financial Aid, Student Employment and Billing Statements

There is little question a college education is one of the best investments you'll make in your lifetime. Representatives from the Bursar, Student Employment and Financial Aid offices will discuss how families can prepare to approach this investment.

First-Year Experience Panel

What will your first year be like at CWRU? The First-Year Experience panel begins with what communication you should expect over the summer and throughout your first year at CWRU, as well as New Student Orientation and Parent Orientation. Representatives from Residence Life, Greek Life, Orientation, First-Year Experience, Undergraduate Studies, Kelvin Smith Library, Multicultural Affairs, and Student Activities and Leadership can answer your questions about your academic, social and leadership experiences during your first year at CWRU.

Innovation and Entrepreneurship

Students and staff highlight CWRU's startup culture. Hear how students capitalize on entrepreneurship courses, networking opportunities, hackathons, Sears think[box] and LaunchNet consulting services to build products and businesses that command attention in the marketplace and at national trade shows.

Living on Campus

CWRU residence halls are more than just a place to sleep, they're dynamic communities where students live, learn and find support. Join representatives from Residence Life and University Housing to learn about living on campus and how to choose your housing.

Management School: Accounting, Business Management, Economics, Finance, Marketing

The Weatherhead School of Management at CWRU is one of the top undergraduate business programs in the country, giving students a solid academic foundation while also exploring research and best practices from the business community. Learn about majors and minors, including accounting, business management (with concentrations in innovation and entrepreneurship, international business, organizational leadership and supply chain management), economics, finance and marketing.

Nursing Overview

As one of the top-rated private nursing programs in the country, the Frances Payne Bolton School of Nursing prepares students for successful and rewarding careers. Learn about the nursing program, including hands-on clinical work that begins in your first semester, research opportunities and opportunities for learning that can take you from the top hospitals in our neighborhood to public health settings around the globe. This session includes a tour of the school of nursing. Please allow 90 minutes.

Pre-med and Pre-health

If you are setting your goals toward becoming a doctor, come learn about the ways in which CWRU students receive excellent preparation for the challenges of medical school. From our unique setting among top medical centers, to undergraduate research opportunities, to outstanding programs in the sciences, the CWRU experience can help you take the next step toward medical school.

Research Opportunities

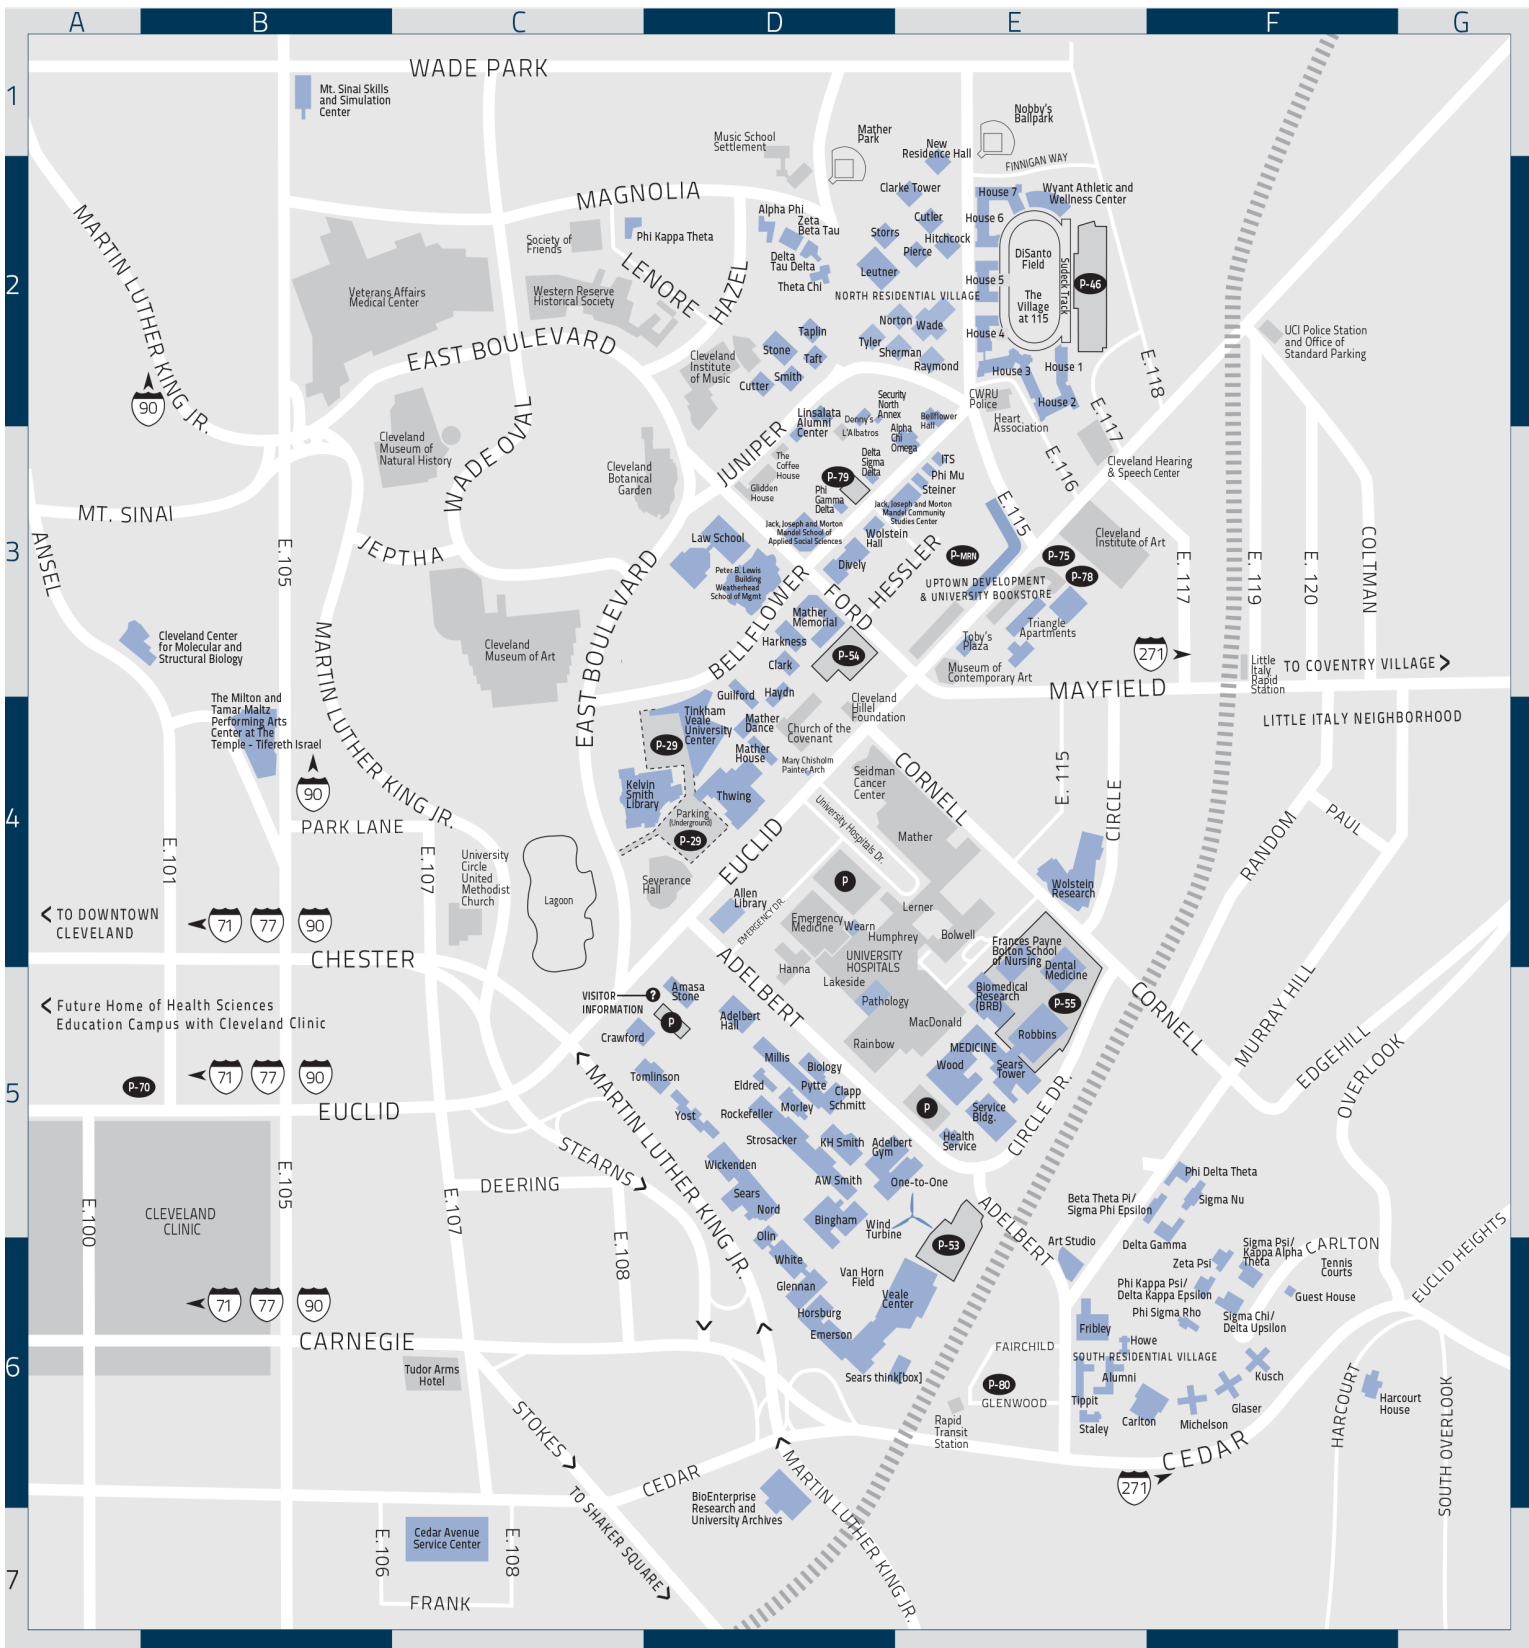

The ability to conduct research with a faculty mentor as an undergraduate is one of the opportunities that sets a CWRU undergraduate education apart. Learn how the SOURCE Office (Support of Undergraduate Research and Creative Endeavors) assists and prepares students to engage in research.

Student Activities Panel

Take some time to learn about student life and activities on campus, including Division III athletics, performing arts ensembles, community-service groups, student government and student-run media.

Study Abroad

You've heard about studying abroad. We do that at CWRU, but we also have a variety of other ways in which students can get a taste of an environment beyond University Circle. Our students conduct research overseas, work on public-service projects in developing countries, and attend other schools on exchange programs both abroad and within the United States. Students who have been involved with these programs share their experiences.
